

Important Announcement:

After much deliberation and with the advice of local health officials, the Chamber has decided to postpone the annual Chamber Awards Social originally scheduled for June 18th. Given the current environment and social distancing requirements, we did not feel that we could deliver the type of event we have grown accustomed to putting on each year. Although the event will not happen on June 18th, we are still accepting nominations for the Chamber Annual Awards, so please keep submitting those applications! We look forward to recognizing those individuals and businesses that help make our Chamber a great organization. We are hopeful that we can secure a date for the event later in the year so that we can get together and celebrate another successful year for the Warrensburg Chamber of Commerce and our award winners.

Thanks again for everything you are doing and remember that we are #StrongerTogether!

Sincerely,

Greg Hall
Chamber Chair

FDA issues re-opening best practices checklist and infographic for retail food establishments that closed or partially closed due to the COVID-19 pandemic

Today, the U.S. Food and Drug Administration (FDA) issued two documents, a [checklist](#) and an [infographic](#), designed to assist retail food establishments that might have been closed or partially closed during the COVID-19 pandemic in preparing to reopen. The two documents are designed to help businesses that prepare food to serve or sell to the public directly, such as restaurants, bakeries, bars and carry-outs, protect employee and public health as they reopen for business.

Visit [Best Practices for Re-Opening Retail Food Establishments During the COVID-19 Pandemic](#) to view both documents.

The checklist prompts the user to consider the business' readiness to reopen after being closed by posing critical questions related to food safety and COVID-mitigation efforts.

Topic areas on the checklist include:

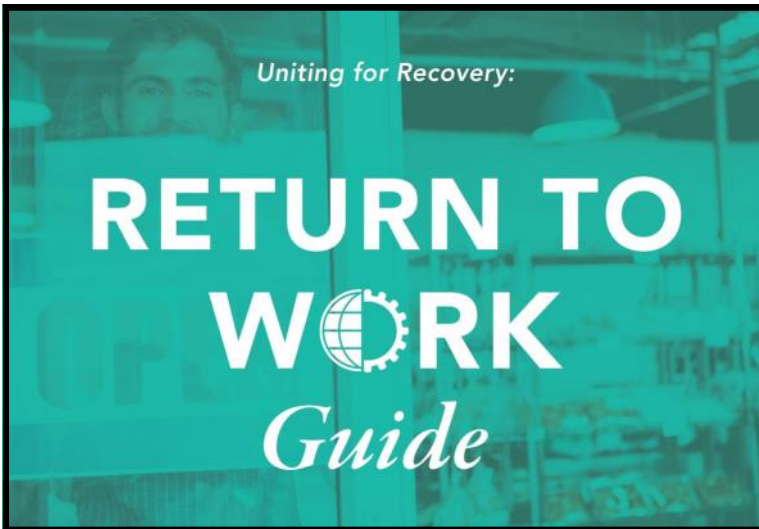

Facility Operations	Water, Plumbing and Ice
Food Temperature Control	Product Inspection, Rotation
Dishwashing Equipment	Handwashing Stations
Employee Health/Screening	Social Distancing
Food Contact and Non-food Contact Surfaces (clean, disinfect, sanitize)	

The checklist also includes additional resources from the FDA, the Centers for Disease Control and Prevention and the Environmental Protection Agency.

The companion infographic, designed to enhance communication and understanding among a diverse workforce, supports the checklist by emphasizing critically important practices for employee and public health that retail food establishments can implement and maintain as they reopen for business to the public. The infographic can be displayed where employees can regularly access the information. Both documents will be translated into multiple languages, including Spanish and Simplified Chinese. The translated versions will be posted within two weeks.

[Re-Open Infographic PDF](#)

Missouri businesses have played a critical role in the effort to stop the spread of COVID-19. As local and statewide restrictions were put into place, many employers drastically altered their operations with some closing their doors completely. As the response continues, many employers across the state are working to develop strategies to enable them to reopen when the threat subsides. Based on the best practices, the Missouri Chamber of Commerce and Industry is providing the following guidelines and suggestions to assist businesses in their efforts to create safe workplaces for their employees and customers...

COVID-19 UPDATES

Webinars & information for our members and the public
www.warrensburg.org/covid-updates/

We are all experiencing a range of challenges associated with the COVID-19 outbreak. The Warrensburg Chamber of Commerce continues to offer support and provide information to assist our members, business owners and the community at large.

Our local financial institutions and Small Business & Development Centers are here to help you during this time, and they are receiving guidance from their regulators on steps to take to assist. Please reach to them out so everyone can work together to get through these uncharted waters.

Below is a link to business resources related to COVID-19. The Warrensburg Chamber of Commerce is working to update this page as more assistance becomes available. To help our members we have collected a selection of links to resource and our economic partners. **Find the information [HERE](#) on our website.**

Johnson County Response and Recovery Plan Phase 2 – Effective May 4, 2020

On April 27, 2020 Governor Mike Parson announced the phases of the “Show Me Strong Recovery Plan” on how Missouri will gradually begin to reopen. The guidelines for this plan can be found at www.showmestrong.mo.gov. The goal of **Johnson County, Missouri’s Response and Recovery Plan** is to focus on its people, businesses, communities, and infrastructure, among others. The success of this plan is dependent on the responsibility and accountability taken by all of its county leaders, members and communities. Each **phase** of the recovery plan will likely be weeks to months in length and will include different levels of guidance for how individuals and businesses can prevent the spread of disease, as the county reopens economically and socially.

Phase 1: Slow the Spread (*March 20, 2020 – May 3, 2020*) – **Complete**

Following the response plan, five elements for moving to the recovery phase need to be achieved:

- Sustained reduction in cases for at least 14 days
- Hospital(s) are able to treat all COVID-19 patients without crisis standards of care
- All symptomatic individuals can be tested
- Public health can maintain active case and contact isolation and monitoring
- Regional considerations on infection and spread of the disease

Phase 2: Reopen, in a safe and healthy environment, a.k.a. **Recovery** (*Effective May 4, 2020*)

When the community has sustained a low level of COVID-19, allowing it to progress through the steps of Recovery, there are three triggers that could prompt movement into Phase 3:

1. availability of a vaccine
2. widespread availability of effective treatment
3. minimal active cases

Phase 3: Establish Protection Then Lift All Restrictions

Phase 4: Rebuild Our Readiness for the Next Pandemic

Phase 2: Recovery (effective 05/04/2020)

Individuals at high risk should continue to stay at home and not interact with others except for essential activities. During essential activities, these individuals should practice social distancing, and if in a large populated location, should wear a mask.

Johnson County COVID-19 Business Education Group

The Johnson County COVID-19 Business Education Group was created to serve as an educational resource for businesses regarding COVID-19. This includes related safety practices and help for you to transition through COVID-19. The group consists of volunteers with strong ties to the well-being of Johnson County including the economic sector, health care professionals, and community health members. Use this as a one-stop-shop guide for COVID-19 related business safety information. One-on-one business safety education can also be provided by the COVID-19 Business Education Group by contacting sroberts@wmmc.com or for more information visit <http://johnsoncountyhealth.org/business-education/>

Press Releases

WMMC Now Offering COVID-19 Antibody Testing

Warrensburg, MO (April 30, 2020) — Western Missouri Medical Center (WMMC) will begin offering COVID-19 antibody testing for the public on May 4, 2020.

Antibodies are produced in response to a foreign virus, such as the novel coronavirus (COVID-19). The presence of COVID-19 antibodies shows that the patient has been previously infected and is at a reduced risk of contracting COVID-19 a second time.

COVID-19 antibody testing does not require that a patient is symptomatic and may be covered by your insurance. If you do not have insurance, testing will be submitted for reimbursement to the Health Resources and Services Administration (HRSA) Claims Portal as instructed by the Federal Government. (<https://www.hrsa.gov/coviduninsuredclaim>) As government funding and plans continue to evolve, WMMC is continually adapting to provide COVID screenings to our greater community. If you receive a bill for COVID/Antibody Testing, please contact our offices so that we may assist you.

Read the full release [HERE](#).

Latest Update Concerning COVID-19 and WPR

WARRENSBURG, MO (May 7, 2020) – As COVID-19 continues to evolve and impact the way we all go about everyday life, Warrensburg Parks & Recreation (WPR) has been faced with making some tough decisions while dealing with an uncertain future. We appreciate everyone's understanding and patience while we go through this ever-changing process. The following decisions, effective immediately, are based on several factors, including the CDC's, State of Missouri, JCCHS and the City of Warrensburg's protocols and guidelines involving public health, public building access, social distancing requirements and crowd limiting, as well as adequate staffing and training, financial impacts, and the safety and health of all our community members.

The Warrensburg Community Center, which includes the Indoor Aquatic Center, gymnasium, walking track and Fitness Center, as well as all parks facilities, which include ballfields, playgrounds, shelters, bathrooms, benches/tables and the ABC Building, will all remain closed through May 31, 2020. All Community Center All-Access Pass Memberships, as well as any related charges, have been paused and credit for lost time billed will be applied to all memberships.

Keeping safe while supporting local businesses at the farmers' market during COVID-19 pandemic

(May 5, 2020) It is spring season, and during this stay at home mandate many people have taken on gardening as a new hobby. Others have been motivated to eat healthier and support local businesses, including farmers who are essential to our communities and the food chain. Whereas many have taken time off from work and learned a new skill or figured out how to do things differently during the stay at home order, farmers have been busy growing food and raising livestock to keep the food chain going. The farmers are the lifeline of our existence, and it is hard to imagine what would happen if we did not have enough food supply during this lockdown. For this reason, with the farmers' markets opening and new harvests coming in, local farmers need your support to keep our local economies going. Read the full release [HERE](#).

UCM Partners with Black Rocket to Offer Activities for Kids, Live Teachers and Summer Camps Preview

WARRENSBURG, MO (May 7, 2020) – The University of Central Missouri is partnering with Black Rocket online learning company to offer online computer science summer camps for children from age 8 to 14. One-week sessions are available June 8 through Aug. 10 with three-hour classes offered during either the morning or afternoon.

Examples of the computer science summer camps are video game design and animation, programming, coding and YouTube content creation. The online offerings are designed to educate young people in an engaging and safe environment while also reducing isolation through interactive activities with live online teachers. More information about UCM's summer online computer science summer camps is available on our website.

Business Articles & Webinars

Tip:
What are you
doing for your
"digital
tribes"?

In 2008 Seth Godin wrote the best-selling book *"Tribes"*, which he described as groups of like-minded people hungry for connection and change. Helen Dwight, Global VP Marketing at SAP, talks about **the supercharged growth of "digital tribes"** because of COVID-19.

The global lockdown has stimulated "the formation and activities of 'digital tribes', societies, and subcultures that enable people to transcend boundaries and break down silos to share common interests, pastimes, and shared goals."

Dwight uses examples of how people are connecting via [Houseparty](#), Zoom virtual cocktail hours and more, but she also talks about **how digital tribes apply to business**: "As a business, understanding your audiences, especially the digital tribes among them, is vital if you expect to engage customers and partners as well as employees authentically."

She says that SAP has been helping businesses by "connecting buyers and suppliers in desperate need, supporting workforces, suppliers, and partners in this new normal - and helping to keep the spirits high of others through initiatives like virtual take your child to work day and supporting causes such as No Kid Hungry." What can you do for the business members of your digital tribe? Read Helen Dwight's excellent article [here](#).

Staying Secure and Compliant in a Work From Home Environment - LammTech

Join us for an in-depth discussion on how cyber criminals are very opportunistic. With the business community shifting from their offices to working remotely, criminals know there are numerous vulnerabilities for them to exploit. This means everyone, regardless of role or industry, must be extremely vigilant. In this webinar, we will look into not only products and services that can help keep your company data secure, but also ways your teams can ensure they are the first line of defense.

The webinar will be presented on **May 27, 2020 from 10 AM - 11 AM Central. [Register Now!](#)**

Tip: Going beyond "How are you doing?"

How are you doing? It's a question that most of us ask every day, especially in this time of physical distancing, but as Warren Berger the author of *"The Book of Beautiful Questions"* says, "A rote question often evokes a rote answer followed by an echo of the original rote question ("How are you?" "Fine. How are you?")" So how do we change this pattern?

Elizabeth Weingarten in *"20 questions to ask instead of 'How are you doing right now?'"* says we must go beyond scratching the surface of a conversation to build stronger relationships with colleagues, family and friends. Here are a few of her twenty questions to add to your conversations:

- What habit have you started, or broken, during the quarantine?
- What's something that you miss that surprises you? What's something that you don't miss that surprises you?
- What surprising thing have you been stocking up on (that isn't toilet paper)?
- What's the best thing that happened to you today?
- What are some things you have realized that you don't really need?

Then really listen to the answer and ask more questions to keep that thread of conversation going. More than ever, people want to talk and be heard.

If you are interested, why not answer one of these questions and [share it with us?](#)

Kids Need All Adults to Report Abuse During COVID-19 Crisis

A resource for all adults describing signs of child abuse and where to report. Reporting child abuse and neglect is everyone's responsibility.

#Essential4Kids

Kids Need All Adults to Report Abuse During COVID-19 Crisis

#Essential4Kids

Kids are Counting on All Adults to Protect Them

This means YOU! This resource is for any adult who interacts with a child. It outlines signs of abuse and neglect and where to report.

In times of crisis and economic instability, child abuse and neglect rates increase. However, reports of child abuse and neglect in Missouri have declined dramatically.

Children are not going to school, activities, places of worship and other public places where adults look out for their safety and well-being.

Trust your Gut

If something does not look safe, sound safe or feel safe - report.

Making a Report is Asking for Help and Services

When you report, you are asking for a professional to help a child and their family. You do not need proof. You are not making an accusation.

You May Be the Only Person to Act

If you reasonably suspect a child is unsafe - report.

Anonymous reports are accepted from anyone. Anyone making a report in good faith is protected against civil/criminal penalty or adverse employment action. Your identity is held confidential and will not be revealed.

warrensburg.org

Download this logo for free at www.warrensburg.org/who-we-are/ or warrensburgmainstreet.org/love-whats-local/

Love What's Local is a collaborative campaign between Warrensburg Main Street, Warrensburg Chamber of Commerce and the City of Warrensburg to educate and encourage Warrensburg residents to purchase local goods and use local services. Loving What's Local helps create and maintain local jobs, support locally owned businesses and community nonprofits, encourage unique businesses that add community character, reduce environmental impact of out-shopping, and provide sales tax dollars to be spent locally. Love What's Local organizes annual events (listed below) to promote its mission.

@LoveWhatsLocalWarrensburg @lwlwarrensburg

Restaurant Week

Restaurant Week is a promotion designed to encourage community members to Love What's Local by trying a new restaurant or menu item, or visiting an old favorite. Restaurant Week is not about getting a super deal on your meal, but provides a structured opportunity to let guests be more comfortable trying new things. A \$10 Lunch and \$25 Dinner is offered by participating restaurants.

Community Sidewalk Sale

The Community Sidewalk Sale is a two day event held in August. Businesses may have merchandise outside their store, or offer a sale inside their store. Participating businesses will have a Love What's Local flag in front of their business and will also be listed on the Love What's Local Facebook page.

Clean the Burg

This two day event is to encourage community volunteerism and to beautify our town. Residents, families, community groups, businesses, churches and teenagers who need to perform service hours can come up with a projects and implement them during the event. Those who participate are encouraged to share their photos on social media with the hashtag #CleanTheBurg.

Holiday Open Houses

Holiday Open Houses is a two day event where businesses display their holiday merchandise and offer deals and/or treats to customers. Offerings are listed in a guide that is posted on the Warrensburg Chamber website, the Warrensburg Main Street website and on the Love What's Local Facebook Page.

There's Strength in Numbers

A medical plan that lets small businesses join together for more plan options and lower rates

Say hello to the Chamber Benefit Plan.

A multiple employer welfare arrangement (MEWA) designed for small businesses who are members of a qualified Chamber of Commerce, like ours.

When it comes to providing employees with cost-saving health care coverage, small businesses are at a big disadvantage compared to their larger counterparts. Because of their smaller size, their claims risk pool is spread out across a much smaller employee population. That can result in higher, less stable insurance rates – and fewer viable plan choices.

Fortunately, there's a simple and affordable medical plan alternative. It's called the Chamber Benefit Plan and it's just one of the many advantages of joining our chamber.

Powered by the Missouri Chamber Federation, administered by The Health Plan (THP) with network access from HealthLink and Freedom Network select, the Chamber Benefit Plan is available to small group employers in Missouri who have 2 to 50 eligible employees.

Advantages that make a real difference:

- › Shared overall claims risk across a large pool
- › Competitive, medically underwritten rates
- › Fixed, predictable monthly payments
- › Choose from a variety of plan designs, including 10 PPO and three HSA options
- › Minimize the impact of ACA mandates while offering coverage to all eligible applicants, regardless of health status
- › Access to HealthLink/Freedom Network Select network
- › Coverage for claims run-out/terminal liability coverage
- › Simple, streamlined administration

Not a member of our chamber yet? We'll help you join today!

Chamber members have access to a full range of high-quality plans and options that can lead to significant savings. Contact us today to learn more.

Phone: (660) 747-3168
Fax: (660) 429-5490

Missouri
Intern Connect

Welcome to Missouri Intern Connect. This free, easy service matches Missouri interns with great work opportunities across our state.

GET STARTED NOW

Students are looking for fall internships. Are your opportunities posted?

As the fall semester nears, students across Missouri are on the search for internship opportunities – and hundreds of them are looking on Missouri Intern Connect. If your organization is contemplating hiring an intern, now is the time to post your listing!

With Missouri Intern Connect, organizations can also easily take an active role in recruiting interns. When you register for the site, you gain the ability to search intern profiles to find candidates in your region who have the right skills for your job and invite them to apply.

The site is completely free to use, brought to you by the Missouri Chamber and our partners to help prepare our state's workforce as part of the Missouri 2030 strategic initiative.

Restaurant Guide

Warrensburg
MISSOURI
Chamber of Commerce

The Warrensburg Chamber of Commerce's mission is to create opportunities that drive commerce and promote business. One way we help do that is to direct newcomers or visitors to Warrensburg to our local businesses! These publications are handed out at community events, given away in our Welcome Bags that go out to Whiteman Air Force Base and various other locations, housed in our office and posted on our website.

The **Restaurant Guide** contains a list of restaurants, coffee shops, wineries, etc. in Warrensburg, as well as our Chamber members in Knob Noster. Our Chamber members are listed in bold in this publication.

Our **Relocation Information** brochure lists essential businesses and organizations to contact upon arrival to Warrensburg. This brochure only contains our Chamber members' information.

If you know someone who has recently moved to the area, or if you know someone interested in moving to Warrensburg, please refer them to our website at www.warrensburg.org to find these resources!

RELOCATION INFORMATION

Welcome to Warrensburg!

Mission

The Greater Warrensburg Area Chamber of Commerce create opportunities that drive commerce and promote business.

Purpose

The Greater Warrensburg Area Chamber of Commerce is a community that supports business, values education and empowers leaders.

The Chamber Flash

is a twice-monthly email publication, out on the FIRST and THIRD Fridays of each month. It's a great way for Chamber members to share information about their businesses! It also keeps members up to date with member benefits, networking events and other activities.

Space in the *Chamber Flash* is an included member benefit for Chamber members only. E-mail your print ready ad in **JPG format** to chamber@warrensburg.org by **COB Tuesday** for Friday publication.

You must resubmit your flyer each week you would like it published.

The *Chamber Flash* is compiled and written by Communications Coordinator Amanda Flues.

Interested in membership or sponsorship?

Contact the Chamber Office at 660-747-3168 or email chamber@warrensburg.org.
