## Mandatory Face Coverings Effective July 6 for Johnson County

WARRENSBURG, Mo. (July 1, 2020) – Johnson County has had a recent surge in confirmed positive COVID-19 cases. This has prompted Johnson County Community Health Services (JCCHS) to implement a face covering mandate. This order goes into effect beginning at midnight on Monday, July 6, 2020.

The countywide order will continue for 21 days, expiring midnight on Tuesday, July 28. This timeline can be rescinded or extended as necessary.

The order requires individuals to wear a face covering in any indoor public location including but not limited to retail stores, grocery stores, offices, places of worship and restaurants/bars. Businesses can supply face coverings if they have the ability to provide them, but can require individuals to bring their own.

In addition, face coverings are required in outdoor public gathering places when social distancing is not an option.

As of June 30, 2020, Johnson County experienced a 32.8 percent increase of confirmed cases over a ten day period.

“The health, safety and wellness for our communities are our biggest priorities. The recent spike in numbers has caused us to implement additional safety precautions to help slow the spread of COVID-19,” said Mary Thaut, JCCHS administrator. “We understand that wearing a face covering is not the most comfortable, but this is a necessary step to help keep our communities safe.”

“We also understand the importance to our economy by keeping local businesses open. We want our community members to continue staying active. Requiring face coverings temporarily is an additional tool that each person can use to help protect each other. However, this should not replace other precautions such as social distancing.”

The need for face coverings is based on the percentage of those who are unaware they have COVID-19.

Research shows that 25 to 80 percent of individuals are asymptomatic. They do not know they are carrying the active virus. This allows the coronavirus to spread more rapidly, making it more important to wear a face covering to protect those around them.

### Exceptions to wearing face covering include:

- Those who are deaf or hard of hearing;
- Children younger than five years old and;
- Children who are younger than two years old should never wear face coverings due to the risk of suffocations.
- Children who are two, three, and four years old, with the assistance and close supervision of an adult, are strongly recommended to wear a face covering at all times in settings where it is likely that a distance of at least six feet cannot be maintained from non-household members and where the vulnerable population may be present.
- Persons with a medical condition, mental health condition, or disability that prevents wearing a face covering. This includes, but is not limited to persons with a medical condition in which wearing a face covering could obstruct breathing or who are unconscious, incapacitated, or otherwise unable to remove a face covering without assistance.
- Individuals seating in a restaurant or bar actively engaged in consuming food or drink, but only when adequately distanced from others.

### How to properly wear a face covering

- Wash your hands before putting on your face covering
- Put it over your nose and mouth and secure it under your chin
- Try to fit it snugly against the sides of your face
- Make sure you can breathe easily
- When removing, untie the strings behind your head or stretch the ear loops
- Handle only by the ear loops or ties
- Fold outside corners together
- Place covering in the washing machine (learn more about [how to wash cloth face coverings](#))
- Be careful not to touch your eyes, nose, and mouth when removing and wash hands immediately after removing.

Missouri businesses have played a critical role in the effort to stop the spread of COVID-19. As local and statewide restrictions were put into place, many employers drastically altered their operations with some closing their doors completely. As the response continues, many employers across the state are working to develop strategies to enable them to reopen when the threat subsides. ## Johnson County Collector's office receives 'excellent' rating following state audit

By Dustin Steinhoff [dustin.steinhoff@dsjnow.com](mailto:dustin.steinhoff@dsjnow.com)

WARRENSBURG — The Missouri State Auditor's Office gave the Johnson County Collector's Office an "excellent" rating Monday, June 22, following an audit of the organization.

The county collector bills and collects property taxes for the county and most local governments.

Missouri law required an audit of the Johnson County Collector's Office is after a vacancy occurs in the office. Ruthane Small served as county collector until her resignation effective March 2, 2020.

Laura Smith was appointed the Johnson County collector and sworn into office March 3, 2020.

The Missouri State Auditor's Office's report stated the objective of the audit was to evaluate the county's internal controls over significant property tax functions and evaluate the county's compliance with certain legal provisions.

Small said the Johnson County Collector's Office receives an in-house audit and external audit performed by the county each year, so the office only receives a state audit in the instance of a vacancy.

Small said the annual county audits ensure financial soundness and accuracy while the state audit also looks into different laws that are applied and makes sure computation is done in the correct manner.

"This job does not just involve taking the taxes over the counter and writing some checks at the end of the month," Small said.

Small said all of the payments made through the collector's office have different guidelines regarding how they are accepted and dispersed, which the auditor's office also looks at.

For Immediate Release:

A library staff member was potentially exposed to COVID-19. All library branches will cease curbside service and bookdrop access until it is determined that the staff member is not positive for COVID-19. Friday, July 3 is the tentative date for the library staff to return to branch buildings following a negative result.

We will post an announcement when service has resumed. Until then, we will continue to provide virtual programs and digital materials through our website [trailslibrary.org](http://trailslibrary.org). All available holds will remain pending for pickup when we resume curbside service and due dates for items will be extended.

Because our buildings have been fully closed to the public, we do not expect any exposure for non-staff members. We apologize for the inconvenience.

# Business Articles

Am I right?

Four key questions to ask.

## TIP: Best 126 Second Investment

If you are a regular reader of our tips you know we are a fan of Daniel Pink and one of his latest "Pinkcasts" struck a chord. He says, "the one trait I admire in others, partially because I see it so rarely, is intellectual humility".

Pink says intellectual humility is about "being open and recognizing we all have cognitive blind spots." He suggests using these four questions (from The Book of Beautiful Questions by Warren Berger)

1. Do I think more like a soldier or a scout? (Answer: scouts explore new positions, soldiers defend positions).
2. Would I rather be right, or would I rather understand?
3. Do I solicit and seek out opposing views?
4. Do I enjoy the pleasant surprise of discovering I'm mistaken?

If you are in a heated discussion and you think everyone could use a time out, share these four questions. Or, use these four questions as the ground rules for a conversation so everyone can practice intellectual humility.

[This is 126 seconds of wisdom.](#) Share it with others, please.

## TIP: "Been through the wars together."

"We've been through the wars together" means a shared experience during a time of crisis and a resulting powerful bond. We are at one of those moments and later in life we may ask, "What did I do during our time of our many crises in 2020"?

Is this a time to reach out to your network and do something meaningful?

"...strong relationships are often forged in difficult situations. How you handle adverse moments with others, your ability to see possibilities and be proactive, and to commiserate with others will get you through hard times but also build connections that you go back to."  
—Rob Cross, ["Do You Have a Life Outside of Work?"](#)

What can you do to forge strong relationships right now? Can you offer to sit on a work committee to solve a pressing issue? Can you offer your knowledge to a community leader who could use your know-how? Or, it may mean picking up the phone and calling a dormant tie, or reaching out to your strategic network.

Revisit relationships in a way that goes beyond the surface connections that were OK when there were no wars.

Loving What's Local helps create and maintain local jobs, support locally owned businesses and community nonprofits, encourage unique businesses that add community character, reduce environmental impact of out-shopping, and provide sales tax dollars to be spent locally. # UPDATE YOUR BUSINESS HOURS

Add the hours your business is open (i.e. the regular customer-facing hours of operation for a typical week). For days when you have unusual hours, like holidays or special events, **set special hours**. Learn more about hours guidelines:

## To set hours, follow these steps:

- Sign in to Google My Business. If you have multiple locations, open the location you'd like to manage.
- Click Info from the menu.
- Next to "Add hours" or your current business hours, click Hours.
- Turn on each day of the week that your business is open.
- Next to each day of the week that your business is open, click Opens at, and then select the opening time.
- Next to each day of the week that your business is open, click Closes at, and then select the closing time.
- After you're done setting your hours, click Apply.

## Set business hour breaks

To indicate your business hours include a break, create 2 entries for the same day with different times.

For example, if your business is open from 9 AM–2 PM on Saturdays, closed from 2 PM–5 PM, then open again from 5 PM–10 PM:

1. Turn on Saturday.
2. Next to "Saturday," click Opens at 9:00 AM.
3. Next to "Saturday," click Closes at 2:00 PM.
4. Next to "Saturday," click Opens at 5:00 PM.
5. Next to "Saturday," click Closes at 10:00 PM.

## Set 24-hour business hours

Next to each day of the week that your business is open, click Opens at 24 hours.

## Set special hours

On your computer, sign in to Google My Business.

- If you have multiple locations, open the location you'd like to manage.
- Click Info > **Special hours**. (You'll only find this section if you've already provided regular hours.)
- Next to an upcoming holiday, click **Confirm hours**. Or to choose a different date, click **Add new date**.
- Enter the opening and closing times for that day.
- To mark the location as closed all day, slide the circle to "Closed."
- If you're open 24 hours, click **Opens at**, and from the drop down menu select **24 hours**.

## There's Strength in Numbers

A medical plan that lets small businesses join together for more plan options and lower rates

#### Say hello to the Chamber Benefit Plan.

A multiple employer welfare arrangement (MEWA) designed for small businesses who are members of a qualified Chamber of Commerce, like ours.

When it comes to providing employees with cost-saving health care coverage, small businesses are at a big disadvantage compared to their larger counterparts. Because of their smaller size, their claims risk pool is spread out across a much smaller employee population. That can result in higher, less stable insurance rates — and fewer viable plan choices.

Fortunately, there's a simple and affordable medical plan alternative. It's called the Chamber Benefit Plan and it's just one of the many advantages of joining our chamber.

Powered by the Missouri Chamber Federation, administered by The Health Plan (THP) with network access from HealthLink and Freedom Network select, the Chamber Benefit Plan is available to small group employers in Missouri who have 2 to 50 eligible employees.

#### Advantages that make a real difference:

- › Shared overall claims risk across a large pool
- › Competitive, medically underwritten rates
- › Fixed, predictable monthly payments
- › Choose from a variety of plan designs, including 10 PPO and three HSA options
- › Minimize the impact of ACA mandates while offering coverage to all eligible applicants, regardless of health status
- › Access to HealthLink/Freedom Network Select network
- › Coverage for claims run-out/terminal liability coverage
- › Simple, streamlined administration

**Not a member of our chamber yet? We'll help you join today!**
