### **UCM is Site for Drive-through Seasonal Flu Clinic Nov. 5 for Individuals Without Insurance**

WARRENSBURG, MO (Oct. 30, 2020) – While coronavirus has created challenges in providing a large-scale community connect event this fall, campus members are working to make possible an alternative event which entails providing seasonal flu shots to campus and Warrensburg area residents who do not have health insurance, Medicare or Medicaid. The drive-through flu clinic will take place at 10 a.m. on Thursday, Nov. 5 in Lot 34 on the west side of the Multipurpose Building.

Students from UCM's School of Nursing will help administer the vaccinations, and there will be volunteers present from the university's social work program. Because of limited supply, vaccinations will be provided on a first-come first-serve basis. While this is a drive-through event, one tent will be available to assist individuals who are on foot.

Individuals who would like more information are encouraged to contact Beth Rutt, director of Student Activities, at 660-909-1870.
