

Nominee for
The Greater Warrensburg Area Chamber of Commerce
Board of Directors

Candidate Name: Dr. Troy Marnholtz

Business/Organization: Warrensburg R6 School District

Address (Street, City, Zip): 201 S. Holden Street, Warrensburg, MO 64093

Phone Number: 660 747-7823 Email address: tmarnholtz@warrensburgr6.org

Please answer in paragraph form the following:

Please provide a brief statement of your background, how long you have lived in Warrensburg, if not a native, where you are originally from, type of business you are in etc.

I came to the Warrensburg Community in 1990 as a freshman at CMSU (UCM) after graduating from my home town of Excelsior Springs, MO. My parents bought a house for my brother and I in 1991 for us to live rather than pay rent. I briefly left the area after graduating in 1995, where I moved to Mountain Grove Missouri to start my career. I had the opportunity to move back to the Warrensburg community in 2000 when my wife (Melissa) and I decided to start a family and wanted to live in a community closer to my family. We both got jobs in the area and then started working in the Warrensburg school the next year. We have lived and worked in the community for over 20 years being in the education field our entire careers.

Why did you accept the nomination to the Board of Directors?

When asked if I would like to serve on the Chamber Board, I did not hesitate to volunteer. I feel it is important to be part of an organization that helps the community in which I live as well as one that helps the school district as a whole. I serve on the board for the Missouri Association of Rural Education as well as the West Central Missouri Association of School Administrators. Serving on the board allows me to work with/for an organization that helps Warrensburg.

I have been an active member of the Warrensburg Chamber of Commerce since _____ and believe the Chamber should encourage the following in our community,

I have been a member of the Chamber for only a short period of time (a few months). With the pandemic there has not been a lot of time available for working on items for the Chamber. As a school district we are directly affected by the success of business in the community. My hope is that we can work to continue to grow the community and provide more opportunities for growth of business and industry.

I believe that as a member of the Board of Directors for the Chamber of Commerce I will be able to accomplish the following during my three years of service to the board of directors.

As a board member, I hope to work with other business leaders in the community to help grow the community. The growth of the community will increase the number of families in the community and increase the number of students within the school system. The increase in number of students will ultimately allow the district to provide a more enriching curriculum to meet the needs of all students by providing more funds for the district.
