## What made you want to get a membership with the chamber?

When we decided to open a location in Warrensburg, we knew join the Warrensburg Chamber of Commerce would be the best way to get involved with the community and other like minded business owners within it.

## What do you love most about Warrensburg?

The people. The more time we spend out in the community, the more we realize it's such a caring group. Everyone knows one another and are happy to lend a supporting hand. Being part of this community makes us feel like we are a part of something much greater than ourselves. Warrensburg holds a special place for one of our owners, he attended UCM and his daughter has followed in his footsteps and is a current student there.

## Why are you passionate about your business?

Our owners are passionate about making a difference in the lives of other business owners. They share their wealth of knowledge in the construction industry to make all repair and maintenance needs of like-minded business owners as simple as a phone call.

## What makes your business unique?

Unique from other service providers is that we are an all inclusive provider. We offer a wide range of services that can make us your one call for your repair and maintenance needs. We offer services such as Electrical, Plumbing, HVAC, Carpentry, Commercial Equipment Repair, Refrigeration, Remodel, Concrete, and General Maintenance just to name a few. We do so while working with other local business owners to act as a bridge between your business and theirs to get any service you may be looking for.

## How long have you owned your business?

Our owners Roy Boyd and Dave Vodarick opened BV Contracting Solutions in September of 2020. Our Warrensburg location officially opens this month at 123 E Gay St.

123 E Gay St  
Warrensburg, MO  
64093

2008 NW S Outer Rd  
Blue Springs, MO  
64015

<https://www.bvcontractingsolutions.com>

## In what ways has your business helped the local community?

We are a veteran owned company and our owners focus on community service. This is shown through our sponsorships, chairman roles, and local volunteer work.

Not only does our business help our clients but we also help other local contractors. Some of the subcontractors we work with were working out of their garage when we met them. We have gotten to see that through our relationship they get to grow their business, hire employees, and help their dreams come true.

## How and why did you get started in this line of work?

Our owners have been working in the construction industry for many years. They saw a need for a company that could help business owners like themselves get away from needing multiple vendors for all their repairs and maintenance needs. Have you ever googled for a provider then felt you were overcharged because you needed someone out there as fast as you could and didn't have time to shop around? Our owners were tired of seeing other business owners get taken advantage of. BV was born with a goal to make the lives of other business owners a bit easier while giving them peace of mind that their business was in good hands.

## What is your favorite aspect of your job?

Making life easier for other business owners.

## In what ways has your business grown and developed over the years?

Finishing up our second year of business and opening our second location has been a dream come true for our owners. We are looking forward to serving Central Missouri and growing right along side the community.

## In your opinion, what is the most enjoyable part of being able to serve the Warrensburg Community?

Knowing what we offer our clients will not only help the business owners in the community, but it also affects their customer, and, in turn, all of Warrensburg. Our job is literally to leave things better than we found them.

## **TIP: Look for odd numbers when walking into a room solo.**

One of the biggest networking challenges is walking into a room solo and finding someone to talk to. But as explained by Amanda Imber in *Financial Review* a simple technique can make this networking challenge less stressful.

It is based on research done by Marissa King, Professor of Organizational Behavior at Yale School of Management. It turns out that people almost always interact in groups of two, so King looks for a group that has an odd number.

"It might be three, five, seven," King says. "It doesn't matter. If there's an odd number of people, then there's someone who really isn't a part of the conversation and they are likely looking for a conversational partner."

## **TIP: Soft skills are essential, but what are they?**

Definitions of soft skills are kind of murky but Ray Williams in [The Importance of "Soft Skills" in Today's Workplace](#), offers a good description:

*"Soft skills' can be defined as a collection of positive attributes and competencies that can improve work performance and productivity, enhance relationships, and make an individual more marketable in the workplace."*

*Soft skills are linked to emotional intelligence, but also include skills such as communication and listening, conflict resolution, positive relationships, collaboration and cooperation, likeability, civility and openness to feedback. In contrast, 'hard skills' are such things as technical analysis and various machine operations, specific task competencies, administrative details and trainable ability to perform the job successfully."*

## ON EVERY PRESCRIPTION

AVAILABLE FOR ALL PATIENTS

See pharmacy for details. Restrictions apply. Fuel savings are limited to 20 gallons of fuel per purchase, per vehicle. Federal laws limit the amount of Fuel Saver rewards that can be earned related to certain pharmacy purchases by individuals enrolled in Medicare, Medicaid or other federal health benefit programs, such as Tricare. Therefore, the maximum Fuel Saver rewards individuals enrolled in a federal health benefit program can receive per promotion is \$0.75 cents/gallon and the maximum benefit a beneficiary can receive per year is \$300 cents/gallon. Note, these limits do not apply to individuals covered under the Federal Employee Health Benefit Program. No cash value. This may not be applied towards prescription copays, co-insurance, or deductibles.

Trails Regional Library  
(660) 747-9177

## COVID Level to Decrease September 12

(Beginning **Monday, September 12**, all branches of Trails Regional Library will move into **COVID Level Two**. Branches will continue to be open with full service, full staff, and regular hours.

The COVID Level Plan was approved in August 2021 by the Trails Regional Library Board of Trustees. Due to decreased cases in Johnson and Lafayette Counties, Director Jackie Hawes has made the decision to move library branches from Level Three to Level Two. This level still includes safety precautions without limiting access to library services.

The COVID Level Plan includes 5 color-coded levels that are specific to each branch location. Any future level changes will be communicated on posted signs outside every library building, on the library website, and will be shared with local news outlets for publication.

Even in the highest level (5), library service will be available on an appointment basis, and [Curbside Service](#), [Digital Resources](#), and 24/7 parking lot WiFi access will continue as normal.

## Coach Anderson Returns to UCM in Special Advisor Role to Help Navigate Changes in national Collegiate Athletic Environment

WARRENSBURG, MO (Sept. 8, 2022) – Following his recent retirement from collegiate coaching, Kim Anderson is returning to the same institution where he once led a team to an NCAA Division II National Championship, but this time he's putting his knowledge of athletics to work in a new role. The Mules all-time winningest head basketball coach has been named Special Advisor to the President on the National State of Intercollegiate Athletics, with his part-time duties to begin Sept. 16.

UCM President Roger Best today made the announcement by noting, "We are witnessing unprecedented change within intercollegiate athletics and the NCAA, and it is critical that we ensure that our students and the university are well-positioned to be successful in this new environment. I am grateful that Kim, with his significant experience at the NCAA Division I and Division II levels, was available and is willing to assist us as we adapt to this new reality of intercollegiate athletics."

Best noted, as special advisor, Anderson will evaluate the ongoing extensive changes occurring nationally and regionally that impact the current and future operating environment for intercollegiate athletics. He will report on the potential impact of these external changes on UCM and make recommendations about adapting to the evolving state of intercollegiate athletics.

### Care Connection Celebrating Senior Center Month in Johnson County

Care Connection for Aging Services is commemorating National Senior Center Month in September by inviting folks to experience its two locations in Johnson County.

The Warrensburg Senior Center is open weekdays for lunch and activities for adults 60 and older and their caregivers, while the Holden Senior Center is open four days a week.

The Holden center serves hot lunch in its dining room at 204 W. Second St. from 11:30 a.m. to 12:30 p.m. Tuesdays to Fridays. The center is open 9 a.m. to 3 p.m.

The Warrensburg Senior Center at 445 E. Gay is open from 8 a.m. to 3 p.m. Monday to Friday, with lunch served from 11 a.m. to 12:30 p.m.

Both centers offer fitness and recreation opportunities in person and online, as well as many volunteer opportunities. Johnson is one of six counties where Care Connection operates the Retired Volunteer & Senior Program (RSVP) for adults 55 and older.

### STEAM Kit Lending Program at Trails Regional Library

Trails Regional Library is pleased to announce that it has been awarded a grant in the amount of \$12,358.50 from the Missouri State Library's LSTA STEM Kits Grant. The Library used the funds to purchase a total of 85 STEAM kits: 17 kits for 5 Trails Regional Library branches to house. The STEAM kits are hands-on learning experiences for children and young adults.

"We are so excited for the chance to incorporate these types of learning opportunities to the communities through this grant program. These STEAM kits are a great addition to all of the wonderful resources that Trails Regional Library offers to all of its patrons," said Library Director Jackie Hawes.

Trails Regional Library has the STEAM kits available for check-out and holds. Each patron is allowed only one STEAM kit check out at a time, but patrons may check out any of the kits or recheck them for multiple learning experiences. Trails Regional Library hopes to increase learning opportunities for all ages through this STEAM Kit Lending Program. The STEAM kits have lessons in various areas: music, math, science, and engineering. Patrons can learn everything from nutrition and healthy eating to dinosaurs or geology. Check out all 17 kits on the Trails Regional Library's website, [trailslibrary.org](http://trailslibrary.org), or by visiting one of the nine branches today!

*This project is supported by the Institute of Museum and Library Services under the provisions of the Library Services and Technology Act as administered by the Missouri State Library, a division of the Office of Secretary of State.*
