Warrensburg Community Map

Dear Chamber Member:

The Warrensburg Chamber of Commerce is pleased to be working with the cartographic and marketing firm of Town Square Publications to produce a new, up-to-date, full-color Warrensburg Street Map and Resource Guide. This publication will be the only official map endorsed and distributed by the Warrensburg Chamber of Commerce.

Accurate, user-friendly maps are a popular item for our thousands of visitors, newcomers to our area, potential commercial relocation candidates and even our lifelong residents.

There will be an opportunity for you to showcase your business by advertising in the Business and Professional Resource Guide of Members on the new map. This is a prime opportunity to promote your business to newcomers.

According to www.getbellhops.com, in 2021, 8.4% of Americans decided to change their living location, per 2020 US Census Data, and according to a 2021 study from the National Association of Home Builders:

- New homeowners spend more within 6 months than the average consumer spends in 3 years
- New mover expenditures total more than \$160 billion annually
- New movers are 5 times more likely to become your long term customers - if you reach them first.

The Resource Guide section will classify participating businesses by category, including a brief description of their products and/or services. Advertising space on the back cover and a limited number of interior display panel ads are also available. Participating advertisers will receive a complimentary supply of the folded maps.

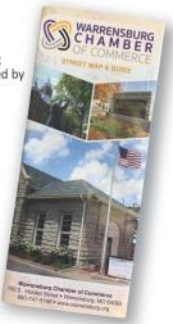

Don't miss out on the unique member opportunity to reach potential buyers, new residents, and new partners. Space is limited, and sponsorships are reasonable, especially considering more than 10,000 maps will be printed and available for the next 18-24 months as well as an on-line counterpart linked from the chamber's web site.

Act now by filling out the information below and email to marketing@tspubs.com. Remember, the limited space is allocated on a first-response basis. Town Square may be reached at 660.280.3545

Sincerely,

Suzanne Taylor

Detecting a Heart Condition Early
Could Save Your Child's Life

Devon was 10 years old when he collapsed at school. At first, everyone thought it was from dehydration but that didn't make sense to his mom. If it weren't for his parents insistence, they might never have found out he had Long QT syndrome. His doctor said he was at high risk for sudden cardiac arrest. He was lucky to be alive because most of the time the first warning sign is death.

Fast forward 9 years and Devon is doing great. He's even playing football for Quincy University. Having testing available like My-HeartCheck is essential in uncovering hidden heart defects. Devon's mom now advocates that all kids have their hearts checked and not wait until you get a call from the school nurse.

The Six Cornerstones of Building a Great Remote Work Culture

Do you have a great remote work culture? This is a topic that's [top of mind](#) for many leaders today as they work to respond to the coronavirus, and rightfully so. But is it simply a trend that will pass when the world goes “back to normal?”

I don't believe so. From my perspective as the founder of a subscription staffing company, I think it's possible that some businesses will retain a remote-work structure in the future. Whether your employees are working from home temporarily or for the long term, it's important to create a positive remote culture that leads to [happy employees](#).

But you can't force people to be happy. Leaders can set the tone on how to work and interact, but they can't force employees to respond accordingly. Instead, culture does that.

This Technique Builds Team Resilience in 15 Minutes

If the past few years are an indicator, adapting to changing conditions and recovering quickly from shocks and stresses is a critical capability for companies today. But according to [recent findings from McKinsey & Co.](#), truly resilient organizations don't just “bounce back better: they actually thrive in hostile environments.”

To get your teams on the road to resilience, lead them through a technique known as *That's Great*. After guiding clients in pharma, manufacturing, and entertainment through this exercise, it's been known to win over even the most hardened of cynics.

If you're gathered in-person, divide the room into groups of three to four people and ask each group to huddle, bringing along just one chair. If you're meeting remotely, send people into virtual breakout rooms of three to four people — minus the chair.

Warrensburg Main Street Hosts a Prom Closet

Warrensburg Main Street puts on a dress donation event to help those in need in Johnson County. Warrensburg Main Street is putting together a more affordable way to shop for Prom Dresses this year with their second annual Prom Closet on March 18th and 19th from 11am to 4pm. In early 2022, Warrensburg Main Street decided to add a way to give back in conjunction with their Annual Prom Parade. They wanted to help students and community members who may not think Prom is in their future due to the cost of a dress thus, Prom Closet arose.

Prom Closet is created by taking donations from community members, friends and family. They are accepting dresses of all sizes and styles. From short to princess poof, to prom to formal, any dress is accepted by the Warrensburg Main Street Staff. Sizes vary from small to extra large to size 0 to 18.

"We have had a difficult time coming across larger sizes for donations but we were very successful finding something for almost everyone who attended last year." stated Jamie DeBacker, Assistant Director. "We are very excited to bring this resource back to the community and hope to reach all of Johnson County."

Warrensburg Main Street was able to help over 30 individuals find dresses for their upcoming occasion. Donations can be dropped off at the Warrensburg Main Street office from 9am to 5pm on Monday through Friday located above the Salvation Army at 125c N Holden Street. They suggest you call to set a time aside for a large amount of donations. Donations will be taken until March 15th, 2023 to allow time for the organization to get ready for the two day dress event.

Prom Closet will take place on March 18th and 19th at the Elliot Student Union room 237 from

11am to 4pm located at 511 S Holden Street. Warrensburg Main Street has paired up with a group of UCM Students from the Integrated Business Program to put on the Prom Closet. This group of IBE Students have picked Warrensburg Main Street as their non-profit for their business program and are partnering with them to help put on the event as volunteers. The Prom Closet will have dressing rooms for community members to try on multiple dresses, a photo booth and volunteers to help find the perfect outfit.

Prom Closet is free to attend for community members and open to anyone in need of a prom dress, homecoming dress or formal dress for any occasion. Warrensburg Main Street and the members of the IBE will be taking monetary donations for dresses during the event but this is not required.

If you would like to donate or find out more information about this resource in Warrensburg, reach out to Jamie DeBacker at Warrensburg Main Street at events@warrensburgmainstreet.org or 660- 429-3988. You can find a Facebook Event on Warrensburg Main Street's Facebook event and more information about the organization and future upcoming events on our website www.warrensburgmainstreet.org

TECHNOLOGY FOR SENIORS: SCAMS AND SPAM **JOSH BLAIZE, UCM MULTIMEDIA SPECIALIST**

From shopping and paying bills to banking and keeping in touch with loved ones, almost everything can be done online. Unfortunately, this age of convenience can also come with scams and spam. Scammers often target seniors because they are perceived as having more wealth, being more trusting, and being less likely to report the crime. During this presentation, Josh Blaize, multimedia specialist for UCM's Office of Technology, will discuss:

- Password phishing
- How to identify a spam email
- How to avoid losing money with fake tech support
- Protecting yourself on social media

Josh Blaize moved to Warrensburg in 2001 after growing up at Eielson Air Force Base in Alaska. He works as a multimedia specialist for UCM's Office of Technology, installing and maintaining state-of-the-art classroom technology. In addition, he serves on UCM's Lifelong Learning Board as an A/V technician and has worked as technical director for Life Church of the Nazarene in Warrensburg for nearly 20 years. In his free time, he enjoys collecting and repairing vintage Apple computers and experimenting with his 3D printer.

This presentation is sponsored by Lifelong Learning at UCM. It is free and open to the public.
