Corey M. Stackhouse, CFP®

As a small business owner, almost every facet of your business is intertwined with your personal life. Having a solid and well thought retirement plan in place will offer you a solid financial cushion and peace of mind to retire.

Financial Security: A key concern and crucial planning component for ensuring security upon retirement.

Succession Planning: Creating a plan for the transfer of ownership and leadership to the next generation of management.

Tax Implications: Considering the tax consequences of business actions and navigating through complex tax laws to make informed and solid decisions.

Valuation of the Business: The process of determining the worth of a business when selling or buying- including intangible assets.

Emotional Attachment: Navigating the emotional and psychological challenges of selling your business, preserving your legacy and transitioning to retirement.

A LIVING + LEARNING COMMUNITY FOR Women Veterans

Stephens College created Mission Promise Kept specifically for women veterans. Located on the second oldest women's college campus in the nation, we provide on-campus apartments for women veterans, including their children and pets. Our program is trauma-informed and gender-responsive. We assist in the very challenging transition from the military to the academic environment.

Stephens offers a generous transfer credit policy, including military training and courses. Our approach is holistic, personalized, and compassionate to the needs of women veterans. You will benefit from a coordinated network of academic, medical, mental health, legal and social services. Plus, access to affordable childcare, and a community of supportive peers, mentors and friends.

Earning a college degree is possible. We've got your back.

THE MISSOURI FEDERAL BONDING PROGRAM

As long as the employer requests the service, the Missouri Federal Bonding Program can be used to overcome most negative issues an "at risk" person might have.

ABOUT THE PROGRAM

THE MISSOURI FEDERAL BONDING PROGRAM is a no-cost, job-incentive program intended to increase hiring of job seekers and promotion of employees considered as "at risk."

"At risk" job seekers and employees are defined as people who have declared bankruptcy, have bad credit, have little or no work history, receive public assistance, or are ex-offenders.

Visit the nearest Missouri Job Center 1-888-728-JOBS (5627) • jobs.mo.gov

THE MINIMUM AMOUNT OF COVERAGE OFFERED IS \$5,000.

Additional amounts of coverage can be provided if the need has been justified by the employer.

CONTACT:
Mark Embry
Missouri Federal Bonding Coordinator
301 West High Street
Jefferson City, MO 65101-1087
573-751-8242
Mark.s.Embry@dhwd.mo.gov

TO RECEIVE FIDELITY BONDING ASSISTANCE, THE EMPLOYER MUST VERIFY:

- A job offer or promotion has been made by the employer
- The "at risk" person is of legal work age, the job is legitimate
- The federal taxes of the "at risk" person will be automatically deducted from their pay

This no-cost, no-deductible insurance coverage begins the day the bonded person starts work and ends six months later. For a fee, an employer can obtain an extended period of coverage. Fidelity insurance provides an easy method for an employer to recoup losses incurred due to illegal acts of fraud, embezzlement, larceny, and theft committed against the employer by an "at risk" person who is bonded.

INSURANCE COVERAGE CAN BE FOR FULL- AND PART-TIME EMPLOYMENT.

Fidelity bonds have been issued to numerous employers throughout Missouri to bond "at risk" workers into various occupations. Occupations "at risk" people have been bonded into include: Automobile Mechanic, Cashier, Clerical Assistant, Certified Nursing Assistant, Cook, Heavy Equipment Operator, Janitorial Service, Landscaper, Paralegal, Parts Manager, Warehouse Worker, Welder, and Window Washer.

FIBER FACTS

What is optic fiber?
A strand of optic fiber is a long, cylindrical, glass tube thinner than human hair.

How does it work?
Beams of light reflect off the glass from one end to the other, transmitting binary code.

How fast is it?
Data transmission occurs nearly as fast as the speed of light. Due to a high data-carrying capacity and low transmission loss, fiber-based internet is 10-20 times faster than cable service.

Who can get fiber?
Only 43% of U.S. households have access to fiber (source: Fiber Broadband Assn.) Fastwyre is committed to bringing fiber to Warrensburg, MO.

FASTWYRE: PROUD TO PARTNER WITH WARRENSBURG, MO

"We are excited to join the Warrensburg community and supply our affordable, high-quality fiber-optic network to residents and businesses to ensure they stay connected for work, play and life."

— Chris Eldredge
CEO of Fastwyre Broadband
